

Pelican supports ZEBRA applications

Pelican supply complete zero emission electric buses across the UK

- Our vehicles are supplied with market-leading battery capacity and warranties, with an excellent daily range of operation, all achieved via a single safe, DC charge.
- Passenger comfort is enhanced with full air conditioning, USB points, and reliable, quiet operation.
- All vehicles are sold, completed, and fully supported in the UK by Pelican, a UK family-owned company with over 102 years of continuous business.
- Our innovative aftermarket solutions are tailored to support each operator's specific needs. Financing is also available.

Pelican is standing by to support any application submissions, so please contact Ian Downie at ian.downie@pelican-eng.co.uk
