Future Proof Your Workshop By Making Sure Your Workforce Is Fully Trained And Safe To Work On Electric And Hybrid Vehicles

EV Automotive Training is one of the leading IMI approved training providers for specialist electric and hybrid vehicle training. From car to bus and coach training, we have you covered.

Access A Diverse Range Of Automotive Training

EV Automotive Training offer IRTEC, Air Conditioning and MOT Training in addition to being a high voltage training specialist.

We Can Bring Our Training Courses To You

We offer training both in our fully-equipped Yorkshire training centre or at your premises to ensure your employees have the necessary skills and knowledge to work safely on vehicles.

Contact us to discuss your training requirements on 01924 227722 or email enquiries@evautotraining.co.uk

Electric Vehicle Training

IMI Level 1 Award In Light Electric/Hybrid Vehicle Awareness - 1 Day

Designed to provide learners with an introduction to the knowledge of safe working practices, the dangers surrounding, and the precautions required to avoid potential injury when near Electric/Hybrid vehicles.

IMI Level 2 Award in Light Electric/Hybrid Vehicle Routine Maintenance Activities - 1 Day

The content of this qualification has been designed to give the learners the knowledge and skills required to work safely on Electric/Hybrid vehicles whilst carrying out routine maintenance activities.

IMI Level 3 Award in Light Electric/Hybrid Vehicle System Repair and Replacement - 2 Days

The content of this qualification has been designed to give the learners the knowledge and skills required to work safely on Electric/Hybrid vehicles whilst carrying out repair activities.

IMI Level 4 Award in Light Diagnosis, Testing and Repair Of Electric/Hybrid Vehicles and Components - 3 Days

This qualification is designed for technicians who maintain and repair electric/hybrid high voltage vehicle systems and components. It contains the knowledge and skills required to work on live high voltage vehicle electrical components and associated systems.

IMI Level 2 Award in Heavy Electric/Hybrid Vehicle Routine Maintenance Activities - 1 Day

The content of this qualification has been designed to give the learners the knowledge and skills required to work safely on Heavy Electric/Hybrid vehicles whilst carrying out routine maintenance activities.

IMI Level 3 Award in Heavy Electric/Hybrid Vehicle System Repair and Replacement - 2 Days

The content of this qualification has been designed to give the learners the knowledge and skills required to work safely on Heavy Electric/Hybrid vehicles whilst carrying out repair activities.

IMI Electric/Hybrid Vehicle Training Bundle - 5 Days

This training program is designed to enable the learner to complete Levels 2, 3 and 4 together over an intensive week at a discounted rate.

IRTEC Accreditation

IRTEC Inspection Technician Bus and Coach

IRTEC Inspection Technician Heavy Vehicle Trailer

IRTEC Inspection Technician Large Commercial Vehicle

IRTEC is a renewable accreditation scheme that assesses the safety and competence of technicians who maintain and repair vehicles in the commercial vehicle, trailer and passenger carrying industries. The inspection course is designed to give technicians the knowledge and skill to assess the road worthiness of vehicles.

Available as a full training package (2 days) or 1 day assessment only / reaccrreditation

Air Conditioning Training

IMI Level 3 Award in Light Automotive Refrigerant Handling - 1 Day

This course has been designed for anyone handling refrigerant gas from the purchaser of the gas to the technician carrying out service and maintenance on automotive air conditioning systems.

IMI Professional Achievement Certificate in Electric Vehicle Air Conditioning (PAC) - 1 Day

The content of this qualification has been designed to provide technicians with a comprehensive understanding of the high-voltage air conditioning systems in electric vehicles.

MOT Training

MOT Annual CPD - ½ Day

This course will enable you to complete the requirements of the annual training subjects as specified each year by DVSA.

Completing both the annual training and passing the annual assessment is required each year to maintain a nominated tester status.

IMI Level 2 Award in MOT Testing (Classes 4 and 7) - 4 Days

This qualification is designed for technicians who wish to enhance their career by qualifying as an MOT Tester. Achievement of this qualification enables them to apply to undertake the DVSA final observed assessment in order to achieve their Certificate of Competence (CoC), enabling them to become a Nominated Tester.

IMI Level 3 Award MOT Test Centre Management - 3 Days

This qualification is designed for learners who wish to run an MOT Vehicle Test Station (VTS), or who will have direct responsibility for MOT operations at the VTS in the future.

IMI Accredited Yutong Vehicle Training

IMI Professional Achievement Certificate

IMI Professional Development Certificate

Bespoke Yutong vehicle training to meet the individual needs of customers. Please contact us for more details.
